Molson Coors Beverage Company Points Competition

- **Points Competition** is a modified Stableford Competition. Handicaps are taken into consideration, and we hope this simplified scoring system will make more sense to you.
- Points rounds are scheduled June 7th, June 21st, July 19th & August 23rd.
- Prizes are awarded at the end of the season for the best three of four rounds.

Points Scoring Explained

- Play your regular game and in the row below your score, make note of the points you earn on each hole for birdies, pars and bogeys. The sum of these points added to your handicap will be your points total for the round.
- Handicaps will be capped at 34 to keep it equitable because even golfers with a high handicap can make pars and bogeys.
- If you play to your handicap, you will have approximately 36 points.

0 points	double bogey or higher (2 over par)
1 point	bogey (1 over par)
2 points	par
3 points	birdie (1 under par)
4 points	eagle (2 under par)
