In Match Play, you compete to see who wins the most holes, so the overall score doesn't matter! A hole may be won, lost or tied. This means you can score 12 on #7 and still have a chance of winning the match!

Your handicap allows you to compete with players who have a lower or higher handicap. The better golfer doesn't have an advantage and matches are often very close.

Somebody wins and somebody loses, that's just the way it works! Prizes are awarded at the end of the season.

Match Play brackets will be posted online and in the ladies' locker room so that you can follow the competition.

#### NEW SINGLES FORMAT THIS YEAR

Sign-up instructions will be sent early in the season, so don't miss the deadline to register!

- \*There will be no draw!
- \*Each participant must play 4 matches
- \*You may challenge anybody on the list and arrange at your convenience
- \*Scoring 4 points for a win
  - 0 points for a loss
  - 2 points for a loss that went to extra holes
- \* Record your points for each match next to your name in the ladies locker room and please also email results to Val.

The deadline for the 4 matches to be completed is Wednesday August 14

If you procrastinate and discover in August that everybody has completed their 4 matches, you may challenge somebody who has completed 4 matches but they would not count their points.

A participant can accumulate a maximum of 16 points. Those who may not complete 4 matches by the deadline, will probably not earn enough points to be in contention.

Prizes will be awarded to the winner, runner-up and third place according to points earned. If necessary, ties will be decided by a play-off.

- Sue's handicap is 15 and Mary's handicap is 28
- Sue must give Mary 13 strokes (28-15)
- The strokes are given on the Women's Handicap holes 1-13

- Mark the hole with + for a win, for a loss and o for a tie hole (This is Sue's card, so the + and would be reversed on Mary's card)
- Sue scores 5 on #1 and Mary scores 6. Because Sue has to give Mary a stroke, it is a tie hole.

- Sue scores 4 on #2 and Mary scores 3. No strokes are given, so Mary wins the hole
- Sue scores 5 on #3 and Mary scores 7. Sue has to give a stroke which means Mary's 7 becomes a 6, but Sue still wins the hole with her 5.
- The game continues and the player who wins the most holes wins the match!

Sign-up instructions will be sent out early in the season for Doubles Match Play. Sign up with a partner to play! If you don't have a partner, sign up as a single as somebody else may also be looking for a partner. Match Play is fun and a chance to meet new ladies and golf with somebody outside your usual playing group. Your handicap allows you to compete with players who have a lower or higher handicap. The better golfer doesn't have an advantage and matches are often very close.

Doubles teams will be seeded by random draw. Golfers arrange their own matches to suit their schedules.

Deadlines will be firm, so please schedule your matches as soon as possible. It is more fun to win or lose by playing the match than by flipping a coin!

Note: If you are having difficulties scheduling a foursome, there is an option to play the match on your own.

## How to Score Doubles Match Play

- In Singles Match Play, the players use a handicap allowance of 100%
- In Doubles Match Play, the players use a handicap allowance of 90% in accordance with The Rules of Golf -Appendix C.
- The player with the lowest handicap gives strokes to the other players, including her partner.
- If Sue is the lowest with a 15 handicap and Mary has a 28 handicap, Sue will have to give Mary 12 strokes (28-15 =13) (13 x 90% = 11.7) Strokes 0.5 and higher are rounded up. The strokes are given on the Women's Handicap holes #1 to #12.
- Sue will similarly give strokes to the other players in the foursome.
